From * The Insp Genl of Edn in Mysore

No 2504/134 Dated 27/9/05 Received 30/9/05

Diary No 2871 | Enclos | Spare Copies | Serial No 2

BRIEF ABSTRACT OF LETTER

Submits with reference to this office No 1390/Ed(57-05)-1 dt the 8th August 1905 a Report on Subject No 603 of the Representative Assembly Proceedings of 1904, regarding the establishment of a weaving School at Bangalore

NOTES AND ORDERS

In para 5 of G O No 1466-77/Ed F 4-96 dt the 7th April 1903 passing orders for the improvement of Industrial education in Mysore, the opening of 4 weaving Schools at (1) Doddballapur, (2) Chikkanayakanhalli (3) Hole-Narsipur and (4)

NOTES—First sheet

MGCPI—50 000—17 2 05

Serial No 2

Holakalmuru were sanctioned at an initial cost of Rs 1,000 and an annual establishment and other recurring charges amounting to Rs 2500. Accordingly Weaving Schools at Doddballapur, Chikkajakanhalli and Holakalmuru were established. As a private weaving School already existed at Hole Narasipur, Govt sanctioned a monthly grant of Rs 60 for it instead of opening a new Govt School at that place.

2 The D.G. estimates the cost of the weaving School proposed to be established at Bangalore at Rs 7000 as shown below —

Initial cost —	Rs 1,000
Materials —	" 3,000
Establishment etc	" 3,000
Total	Rs 7000

3) The sum of Rs 3,500 sanctioned for the each of the weaving Schools referred to does not include the cost of materials If the 3,000 entered for materials for the Bangalore weaving School is deducted from the total cost, ~~Rs 4000 is proposed for~~ the initial cost and establishment charges

MGCPI—20 000—1 11 04

owned by Rs 4000/
against Rs 3,500 sanctioned for similar Schools in other places The Dpt states that this excess of Rs 500 is necessary because Bangalore is a costly place.
Subd for orders The cost of Industrial Schools is debited to the Local Funds Genl whose resources are not satisfactory There will be with closing balance of only about Rs 5000 at the end of 1905-06 against Rs 1,21,000 at the end of 1904-05
3/10 The cost of the Estt proposed seems also to be excessive and may be reduced by one half If the Estt of a School at Bangalore is sanctioned
Subt for orders of HE
the Dewan Sahib 4/10/05.

the opportunity of turning it to good account, seems practically useless for a large weaving centre like Bangalore. An association formed and managed on co-operative credit principles (with Govt aid to a reasonable extent) would be much more beneficial than a Weaving School. Moreover the expenditure on Industrial Schools seem for the present to have reached the maximum safe limit. The Govt must try to economise and retrench in existing matters so as to be able to find the funds required for establishing new ones. The income tax must be improved so as to show a full return for the expenditure incurred. C

Pray for the establishment of weaving classes in the Bangalore City

To

The I. G. of Education in Mysore

Sir

In forwarding the marginal subject, I have the honor to request that the matter of establishing weaving classes in the Bangalore City may be investigated and a report submitted.

I am
Sir
Your obedient Servant
[illegible]
Secretary

In the case of Sodballapur, Hole-Narsipur, Melkote, Koolkalmuru and other places, since the number of weavers in that City is greater than in any other place in the Province

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE,
Bangalore, 27th September 1905

No 2504/134

From

H J BHABHA, ESQ., M.A.
Inspector General of Education in Mysore,

To

B K Venkatavaradiengar Esq.
Secretary to the Government of H.H.
the Maharaja of Mysore,
General and Revenue Depts.,
Bangalore.

SIR,

With reference to your docket No. 1390 Ed (57-05)-1 dated 8th August 1905, I have the honour to inform you that the weaver population of Bangalore City is 10493 or 1/7 of the total population which is about 69447. Of the 10493 weavers 5170 are females, and 9170 males and females of the weaver caste are illiterate. The weavers as a class are exceedingly poor and work on the indigenous hand loom. They are unable to purchase materials, or to wait till they can get a profitable sale for the cloths woven by them. If there were not one or two Sowcars in Bangalore who readily purchase at a fair

price the products of the handlooms, the condition of the weavers would be more petitable than it is now. Under these circumstances the opening of a weaving school to teach them the use of the flyshuttle and of improved machinery for weaving warping and sizing would be undoubtedly of very great help.

2. The cost of a weaving school for Bangalore at the commencement may be estimated as follows A carpentry department to enable weavers to make or repair their own looms and to make the flyshuttle attachments is also necessary:=

		Rs
Initial cost		1000
Materials —	Rs	
Cotton and silk yarn —	2500	
Timber —	350	
Sundries like screws glue wax &c —	150	
		3000

Establishment

Superintendent	30
Weaving Maistry	30
Carpentry Maistry	25
Writer and Store Keeper	15
Peon	7
Rent	25
Contingencies	20
12 scholarships at Rs 4 }	98
10 " at Rs 5 }	
Rs 250 or 3000 a year	
Total Rs 7000	

on of scholarships and the wages of the masters are higher than in other Taluk weaving schools because the cost of living in Bangalore is higher than in Taluk stations. The total annual estimated cost of a weaving school in Bangalore is Rs 7000, of which the whole cost of the materials and half the amount of scholarships and wages of the establishment or a sum not exceeding Rs 4500 may be expected to be recovered.

I have the honour to be,

Sir,

Your most obedient servant,

H G Brabha

Ks. Inspector General -

Letter No 2504 ✓ of the 27th Sept 1905 from the 134 Dpl of Edn in Mysore submitting with Reference to this office No 4 proposals for the opening of a weaving School at Bangalore.

ORDER THEREON —No S 2464-5
Ed (57-05)-3

The Govt of H H the Maharaja of Mysore consider that in a large weaving Centre like Bangalore, an association formed and managed on Co-operative Credit principles

over

SUBJECT

(with Govt aid to a reasonable extent) would be much more beneficial than the opening of a weaving School. ~~Therefore~~ the expenditure on Industrial Schools seems for the present to have reached the maximum safe limit. The Govt must therefore try to economise and retrench the cost of existing institutions so as to find funds required for establishing new ones — the income of Industrial Schools should be improved so as to show a fair return for the expenditure incurred.

The Registrar of the Co-operative Credit Societies is accordingly requested to do the needful for forming an association at Bangalore for the benefit of weavers
